PRIYAN INTERNATIONAL LAB AND TECHNOLOGY

Why Proficiency Testing?

Proficiency Testing acts as a critical tool for ensuring quality of analytical testing services. Participation in PT programs is mandatory as per ISO 17025:2017 Clause No.7.7.2. It is the ideal tool for evaluating and establishing competence of labs. Priyan International Lab And Technology. PT Division offers PT programs in diverse Product Groups as per NABL 120 as Drugs & Pharmaceuticals (Chemical Testing).

Testing labs from across the globe especially from developing nations can participate in our extensive, cost effective, NABL accredited PT programs.

PILT is an accredited laboratory as per ISO/IEC: 17043.

PILT provides one of the highest quality PT with highly homogenized samples and proper Z score reporting. Easy registration etc. PILT would prove to be the one stop shop for any of your compliance requirements.

Benefits of PT Participation:

- Meeting Regulatory Requirements as per ISO/IEC 17025
- To establish competence
- Helps benchmarking with National & International Labs
- Helps evaluate analysts and methods
- To gain customer confidence & trust
- Continual improvement
- PT scheme can be run earlier/postponed or two schemes may be merged
- A parameter can be removed/added in a scheme or range of testing may be varied at the time of running this may be due to operational reasons; new developments; due to nature of product or matrix; homogeneity or stability issues and or reasons beyond control. **Decision of PT provider in this regard is final.** Participants are informed as applicable.
- As per **NABL 163**, frequency of PT Participation shall be sufficient to ensure that major sub-groups, analyte and materials/matrices in the scope of accreditation are covered over a two-year period (irrespective of the size of the scope of accreditation).

Kindly consider PT Calendar, on submission of registration form, the proforma invoice will send. Payment terms is 100% advance.
